Chad Young - 3/30

PRINCIPAL'S HIGH FIVE:

This weeks "Principal's High Five" goes out to the Assessment Team for all their hard work reviewing assessments throughout the district. We know you have to give up a lot of time and energy to go through all the assessments but we appreciate all that you do in making us great!

IMPORTANT INFORMATION:

American Fidelity:

American Fidelity will be in the conference room on Tuesday and Wednesday this week. This is their annual visit to schools throughout district. Please stop in whether or not you want any of their services. Thanks for making this a smooth process.

PARCC Student Meeting:

We will be meeting with all students enrolled in English 2 and Geometry at 2:00 PM in the auditorium to discuss PARCC on March 29, 2016. Please attend if you have a class of sophomores.

PARCC Proctor Meeting:

We will have a PARCC proctor training at 2:30 PM in the CMHS library. Please look over the presentation that was sent ahead of time by Trent and Jacob. It is important we start on time. In addition, we will have a meeting on Thursday to distribute manuals, sign the security agreement, and make sure we are ready for liftoff.

Start Time:

Remember that we need to be in the building by 7:30 AM in daily. If you need to leave the building during lunch, you must sign out in the mail room. In the event you need to leave during your prep period, please see me. Thank you!

Students Leaving Class:

It has come to my attention that subs are letting students leave the classroom to go to other classrooms. If a students show up to your classroom, please send them to the office immediately so we can address it with the substitute teacher.

Field Day:

Please let me know if you would be interested in helping supervise field day during your prep period on Friday, April 8, 2016. We are looking for help during 5th, 6th, and 7th periods. This is one of the incentives for our PARCC students.

5 Keys To A Successful Week:

1. Smile - Smiling will make you and your students feel better!
2. Be positive - Focus on the positives that your students bring to the table each day.
3. Congratulate - Congratulate a colleague for a job well done! Let them know how much you appreciate them.
4. Greet Students - Let students know you are happy to see them as they enter your classroom. Everyone wants to feel welcomed!
5. Have Fun - Engaging, enriching, and rigorous lessons need to be fun. Spend time with your students having fun.

Each day you are given the opportunity to shape a young mind! Each day you can help your students learn right from wrong. Each day you make an impact! Education is the GREATEST JOB!

WE'RE HERE TO MAKE GOOD THINGS HAPPEN FOR OTHER PEOPLE!
